THE TSUNAMI ALERT...and what we learned

The tsunami alert on Saturday, February 27th, gave the Disaster Preparedness Committee a chance to evaluate our preparedness and compile a list of needs for Grand Champions Villas.

The number one need is to solicit a volunteer from each of our buildings to be a part of the communication team. This team will keep residents advised of existing conditions in the event of a disaster. Will you help us? To volunteer, please call Toni Fowler (808-874-3700).

It is also important that our off island owners are kept advised in the event of a disaster and this will be done via e-mail rather than by telephone. If you have not done it already, you can help us by providing the office with your e-mail address.

The committee is recommending that GCV owners equip their condos with battery-operated lights and a transistor AM/FM radio. It is also recommended that you have a three-day supply of bottled water and water purification tablets. As we saw how people flocked to the grocery stores, we feel it is important to be prepared in your own household.

Mahalo

(If you do not have a "Disaster Preparedness Pamphlet" for your unit, you may pick one up at the GCV office on property.)
